Evergrande Group Limited
Eikanji supports the lease transaction of major
Shinji projects.

People's Government of Busan Province.

First of all, I would like to express my
gratitude to the provincial government for their
support to Evergrande since its announcement.

In the spirit of the "Guidelines for Deepening Reform of State-Owned Enterprises" by the Central Government and the State Council, a major reform of the state-owned enterprises (SOEs) has been carried out through marketization by Deepening Reform of the State-Owned Enterprises (SOEs). (hereinafter referred to as "ShenZhenHuang") and Evergrande Merger Holdings Limited (hereinafter referred to as "Evergrande") to deepen the reform of state-owned

enterprises by means of marketization. The details of the transaction are as follows.

I. ` Basic situation of this re-tanking

On October 3, 2016, Evergrande Real Estate and Sham Shui Po signed the "Co-operation on Einon Re-listing", Sham Shui Po's A-shareholding will become a controlling stake in Sham Shui Po, and Evergrande Group will become a controlling stake in Sham Shui Po.

On 20 June 2017, the Hong Kong Stock Exchange formally agreed to Henderson Land's application for relisting on the A-share stock market, which is the largest main spin-off of Henderson Land approved by the Hong Kong Stock Exchange. o

Starting from the reorganization in 2016, the Shenzhen Municipal Government, Shenzhen Real Estate, Evergrande

The Board of Directors and relevant departments have held numerous meetings to communicate ~~at~~ the reorganization is in compliance with the relevant laws and is an important initiative to promote the reform of SOEs, which is conducive to enhancing the volume of listed companies and stimulating the vitality of the market.

In March 2017, the Chinese government vowed to fulfill the requirements of the relevant laws and regulations of the Children's Council.

Henderson Land Introduces \$ 1,300 Strategic Investment o

This is a merger and reorganization of the real estate industry and the integration of the stock of real estate, with no increase in the number of listed companies and no direct and indirect financing. In addition, Evergrande undertakes not to reduce its shareholding for five years, not to pledge its shares for financing and not to reduce the shareholding ratio of the listed company to less than 68% per annum within five years.

I. Evergrande's implementation of real estate control policies

Evergrande has started to implement the national

"homeowner's" and "urgent" policies, such as the "no-urgent-homeowner-mediator" policy and "period" policy. The Government has been implementing various housing and land control policies, such as the "anti-dumping" policy.

1, adhering to the concept of people's livelihood, product positioning Sufficient sexual needs

The company accurately grasps the "housing residential attributes", products in the ordinary housing below 140 square meters accounted for 96% o In the first half of 2020, the average selling price of well-decorated residential products was RMB 9030 yuan/sqm, after deducting the cost of well-decorated RMB 8020 yuan/sqm o

2. Since the control of housing has been maintained, the selling price has been fixed.

Hengdog land does not cover the sale, do not inflate the price of housing o 2017,2018,2019, 2020, the first half of the year, Hengdog residential sales prices were 9960 yuan / square meter, 10515 yuan / square meter, 10281 yuan / square meter, 9030 yuan / square meter, has been handed over to the project occupancy rate of 91.6%, grid the "house price " " " period " " housing without speculation " policy requirements o " house price " " period " " housing without speculation " policy requirements o " " period " " housing without speculation " policy requirements o

3. Never hoard land, speculate on land or raise land prices.

Henderson Land has set a limit of 20% on the price of land acquired by tender and auction, and must be immediately opened after the tender.

Average premium for land acquisition by auction 2018 14%, 2019 11%, 2020 up

In the first half of this year, the real estate market has grown by 10.7%, and has not taken any land since the real estate control. o At the same time, the real estate market has helped to solve the problems in the banking and financial sectors, with 54% of the new land being non-performing real estate enterprises and non-performing financial institutions, and more than 200 active projects. o

4. The main decline, promote the healthy development of enterprises

The introduction of the following options: general purpose, control and control of the market, and the introduction of a new methodology for the management of the market.

The corporate rate fell from 92.9% at the end of 2016 to 77- 9% at the end of 2019o

III. Basic information on Evergrande Health Development

Hengdian Land ranked the 1st in China's real estate enterprise competitiveness. o After the introduction of the \$1,300 investment to increase the capital, Hengdian Land's scale has increased

from \$3,734 in 2016 to \$6,011 in 2019. o Hengdian Land is the largest real estate enterprise in China in terms of sales.

Thousand B] Ai dead o

Currently ranked No. 152 on the Fortune 500 list, Hengdog Group has been established for 24 years, with a total of

There were 22,360 loans of \$34,912, none of which were ever rolled over, and all of which were paid at principal and interest prior to maturity. o

If Evergrande's current reorganization is not completed on schedule, it could lead to a series of systemic problems.
